RECOMMENDED CITATION

mohammad looti (2025). *CONSISTENCY THEORY*. PSYCHOLOGICAL SCALES. Retrieved from <https://scales.arabpsychology.com/?p=47979>

introduced by American psychologist Fritz Heider, a category of social psychological theory postulating that individuals are primarily driven by a craving for the retention of congruity or uniformity over their mental abilities.

CONSISTENCY THEORY: "Both Heider's and Korman's consistency theories are grounded in the idea that people possess a willingness to maintain consistency in their lives."
