October 20, 2025

## RECOMMENDED CITATION

mohammad looti (2025). *WHITE MATTER*. PSYCHOLOGICAL SCALES. Retrieved from <https://scales.arabpsychology.com/?p=52800>

portions of the nervous system made up of nerve fibers which are encaged in a myelin sheath, that renders a white coloration to an otherwise grayish neural structures. The sheaths cover only the fibers, so areas containing primary cell bodies are gray.

WHITE MATTER: "White matter are nerve fibers closed within a myelin sheath. "
